An active Information Systems student at Multimedia Nusantara University with a GPA of 3.5. Passionate about the intersection of Data Science and Full-Stack Web Development. Proficient in Python, Tableau, RStudio, and modern web frameworks, with hands-on experience in building machine learning models and deploying them into scalable web applications. Skilled in documentation and visual storytelling, having served as a video editor for various university projects. Enthusiastic about leveraging robust software engineering and data-driven insights to solve complex problems.

EDUCATION

Multimedia Nusantara University	Kab. Tangerang, Indonesia
Information Systems – Database	August 2022 - Present
Latest GPA: 3.5/4.0	

Athalia High School	Tangerang Selatan, Indonesia
Science	July 2019 – June 2022
Poin: 88/100.00	

WORK EXPERIENCE

Video Editor - Freelance

2021 – 2025

- Proficient in Adobe Premiere Pro and Adobe After Effects
- Managing the editing process to produce a professional and engaging visual representation for advertisement
- Performed color grading, added effects, transitions, and 2D/3D animations to enhance production quality.

IT Application Developer - Internship (Indonesia Morowali Industrial Park)

2025 – 2026

- **AI-Driven Automation & LLM Integration:** Engineered intelligent microservices using Python (Flask) to automate enterprise workflows. Developed an HR Recruitment Filter utilizing the Google Gemini API to streamline candidate screening, and deployed Hugging Face Open Source LLMs for the IT Helpdesk system to automate ticket classification and provide instant solutions.
- **Microservices Architecture:** Designed a scalable backend architecture by decoupling AI logic from the main application. Successfully integrated these Python-based AI services with the core Laravel system and external platforms like Telegram Bot API, reducing manual administrative workload.
- **Full-Stack Web Development:** Built a robust Purchasing Dashboard using Laravel (MVC) to visualize high-volume transactional data. Integrated Computer Vision (EasyOCR/Tesseract) to digitize physical documents, significantly minimizing human error in data entry.
- **UI/UX Design & Frontend Implementation:** Designed high-fidelity prototypes in Figma for the 'IMIP Apps' mobile interface and the Recruitment Web platform, adhering to modern UI/UX principles. Successfully translated the web designs into a responsive frontend using Laravel and Bootstrap CSS, ensuring a seamless and consistent user experience across digital touchpoints.

ORGANIZATIONAL EXPERIENCE

Funsport 2023

February 2023 – June 2023

Member of Documentation and Visual

- This event is a competition in the non-academic field organized by the Information Systems program
- Served as a video editor & design
- Responsible for crafting engaging and high-quality visual content that captured event highlights and participant experiences.

Information Systems Orientation (NAWASENA 2023)

June 2023 – August 2023

Member of Documentation and Visual

- This event is about introducing the information systems major to new information systems students.
- Served as the main video editor for the NAWASENA 2023 aftermovie
- Leading the post-production process to deliver a compelling narrative that showcased the program's highlights and atmosphere.

DISCO XI (D'Information System Community Outbond)

September 2023 – November 2023

- This event is an outbond for Information Systems major students, alumnus and lecturer
- Contributed as a video editor and documentation team
- Capturing and crafting visual content that highlighted key moments and the event's dynamic atmosphere.

TECHNICAL SKILLS

Languages: English, Indonesian

Applications: Jupyter Notebook, SQL, Tableau, Power BI, Oracle, APEX, Microsoft office, Docker , Postman, Figma, Ngrok

Relevant Skills: Python, MySQL, Java, Laravel, Next.js, Postgresql, PHP, Flutter, Tailwind CSS, Shadcn

Relevant Coursework: Database Systems, Visual Programming, Web Design and Development, Data Analyst, Data Modeling, Machine Learning, Mobile Application Development, Database Administration, Database Development
